THE DEPUTY MINISTER IN THE MINISTRY OF WELFARE (SHRIMATI SUMATI ORAON): (a) and (b) No National Seminar on problems of tribal women was held recently at Udaipur. The Conference identified the socio-economic and cultural impediments to the well-being and progress of tribal women and made recommendations for their all-round development. The delegates to the Conference included experts on tribal matters and senior officers having field experience in tribal areas. 17 Tribal women participated in a face to face session for field inter-action with conference delegates in a tribal village.

(d) whether the subsidies are being shared by the Central Government only or by the State Governments also; and

(e) in case State Governments are also sharing subsidies, what are the details thereof indicating proportions of the subsidy being shared by the Centre as well as the State Governments?

THE MINISTER OF STATE IN THE DEPARTMENT OF AGRICULTURE AND COOPERATION IN THE MINISTRY OF AGRICULTURE (SHRI SHYAM LAL YADAV): (a) The Government is encouraging judicious use of pesticides for controlling pests and diseases as a component of Integrated Pest Management.

(b) No subsidy is given to the manufacturers and importers.

(c) to (e) The Central Government gives subsidy only to the State Governments/Union Territory Administrations under a Centrally Sponsored Scheme namely, 'Control of Posts and Diseases of Agricultural Importance'. Under this Scheme, subsidies are given at the following rates:-

(i) 50 per cent towards cost of pesticides;

(ii) 66-2/3 per cent towards the operational cost of aerial operations.

These subsidies are share equally by the Central and State Governments. In the case of Union Territories, the entire subsidy is borne by the Central Government.

In view of the varying dosages and prices of a large number of pesticides in different formulations and differing from crop to crop and pest to pest, it is not feasible to work out per Kg. subsidy on pesticides sold to farmers.
